MOTTO

Growing & Learning Together

MISSION

To provide a caring, safe and supportive learning environment for children to grow.

VISION

At Hillsmeade Primary School, we aim to continually grow and learn together by: supporting individual abilities and excellence in academic achievement, celebrating diverse backgrounds and cultures, and becoming global

Dear Parents,

Happy week 7. I hope that you have all had a wonderful week. We are having a wonderful term, with many exciting things happening across our school.

Caleb Spence

Congratulations to Caleb Spence in Year 3 who has been achieving some wonderful results with his go karting. Caleb competed in the 2017 Australasian Kart Titles “red plate” meeting at the Goulburn Valley Kart Club, Numurkah over the weekend. Well done to

Caleb on such wonderful results.

Year 5 Debates

It was great to visit Mr Cardamone’s class last week to listen to the students in 5C present their debates. Students had been learning how to persuade an audience on a topic using rhetorical questions, facts, exaggeration and emotive language to strengthen their message. It was clear that the teams had worked effectively together to form their arguments and develop the role of each speaker. The students were well-prepared, spoke confidently and included humour in their speeches. I was very impressed with the positive and constructive feedback given by peers in a supportive and respectful classroom environment. Well done to the students and teachers in Year 5!

Acting Assistant Principal Teaching & Learning

“Grateful for small things, big things and everything in between...”

Hillsmeade Primary School will be introducing our Hillsmeade Gratitude Wall to the school this week. Students will be able to write what they are grateful for and share with the rest of the school. Being a Kidsmatter school, we would like to promote positive mental health for our students. Being grateful helps cultivate a sense of wellbeing and happiness as we start to notice the positives in our lives. The practice of gratitude is often associated with increased energy, optimism and empathy. Our student leaders will work with students to present this initiative.

Mitze Lau

Early Learning Centre

Last week we met with the leadership team from Yarragon Primary School. We have been supporting Yarragon Primary School to incorporate a Kindergarten into their school over the last two years. With a new Business Manager and Principal they were excited to tour our service and learn how we have managed the Kindergarten, Child Care and Out of School Hours Care program through our license to operate an Education and Care Service under the management of Hillsmeade Primary School Council.

Learning about Transition

Learning more about best practice in regard to the transition to school process we organised for our Kindergarten teacher (Katrina Roberts), Littlecroft Kindergarten teacher (Gagen Daler) and Prep teacher (Nowella Ahlgren) with Shiona Watson (Director ELC) to attend a Department of Education full day PD on developing strategies to increase our opportunities to support children and families in their transition to school. We learnt about the new way Transition Statements will be developed and shared online after parent consent with their chosen Primary School. Parents also have the opportunity to share their most important insights about their child in this statement so each child's new Prep teacher has a good understanding of how to continue this important learning journey for each child. You can access how the kindergarten early learning framework (Victorian Early Years learning and Development Framework) continues onto the Victorian Curriculum F-10 here; <http://www.vcaa.vic.edu.au/Pages/earlyyears/vfldoutcomes/identity.aspx>

These illustrative maps are also on display at our Early Learning Centre.

School Maintenance

Looking around the school you will have seen some changes to the landscape. With the hard work of our gardener Don, his colleague Colin, and our handyman Gary, they have worked tirelessly to remove old trees, mulch garden beds, erect signage, remove damaged fencing, and complete repairs to buildings.

The old trees along the neighbour boundary have been removed, resulting in a nicer outlook for the senior classes and more light for the neighbours.

New carpet will be installed in the school holidays in 2D and 2E's classrooms and Mrs Scott's class have a newly installed heater and air conditioner. The gym has been painted and walls cleaned to freshen up the area. New electrical wiring has been installed in some portables and also new spouting and guttering.

These improvements contribute to a comfortable learning and play environment for students.

Angela Nixon – Facilities Manager

Peer Support

The student leaders will be participating the peer support training program on Monday the 5th and Tuesday the 6th of June. This program is led by Scott Clode and Mitze Lau and supports our school community in working together to develop positive relationships and team skills. We look forward to seeing these leaders lead learning sessions with the Year 5 students early in Term 3.

Scott Clode

School Improvement Team

This Friday our School Improvement Team will be meeting with our Senior Education Improvement Leader Leonie Campbell to share our progress in working towards our 2017 Annual Implementation Plan goals and targets. We look forward to Leonie being at our school and seeing the great work happening across our school.

Reminders

This week the Prep students will be performing at our whole school assembly. If available, we would love to see you there.

Principal

Cranbourne Gardens Excursion

This term, Grade 3 have been learning about sustainability. We have enjoyed researching plants and animals that reside in Africa and South America and their natural habitats.

As part of our unit, we visited Cranbourne Botanic Gardens on Wednesday, 17th May. During our excursion we investigated different climates in Australia and how climates differ throughout the world.

THINK BIG DREAM BIG

Remember on Tuesdays at lunch time the HFC sells Zooper Doopers (\$1) ZD Holders (\$0.50) and yummy Hot Chocolates for \$1.

Thank you to our valued volunteers for running this fantastic service.

We at the HFC are gearing up for end of year Carols by Twilight (yes already). Please keep Friday 8th December free in your calendar.

Please remember to keep your clean glass jars (for a Twilight game) and either hand them into the office or the Canteen please.

Have a happy, safe and dry week.

HILLSMEADE VALUES

I RESPECT

Hillsmeade has introduced a set of important values we feel are essential for building global citizens, prepared for the needs of our ever changing society. These values stem from Hillsmeade's Mission and Vision Statement and are an important part of our Strategic Plan. Our Strategic Plan goals include improving student wellbeing, ensuring students are engaged in their learning and have a connectedness with their peers, teachers, school and the community.

Recognising the importance of these values will help students to make good choices, give their best effort, develop good relationships and respond positively in difficult situations. This will support their learning and improve student outcomes.

The school community, parents and care givers have an important role to play in modelling these values as children learn by example. By talking about these values and demonstrating them in our everyday lives, our children will see their importance and also embrace these values.

Your child will become familiar with **I RESPECT** and its meaning. The values are displayed around their classrooms. During the year, your child may bring home a 'Positive Postcard' to celebrate a time they demonstrated one or more of these values at school.

SCHOOL ASTHMA ACTION PLAN

This record is to be completed by parents/carers in consultation with their child's doctor. Please tick the appropriate box and print your answers clearly in the blank spaces where indicated. This school is collecting information on your child's asthma so we can better manage asthma while your child is in our care. The information on this Plan is confidential. All staff that care for your child will have access to this information. It will only be distributed to them to provide safe asthma management for your child at school. The school will only disclose this information to others with your consent if it is to be used elsewhere. Please contact the school at any time if you need to update this Plan or you have any questions about the management of asthma at school. If no Asthma Action Plan is provided by the parent/carer, the staff will treat asthma symptoms as outlined in the Victorian Schools Asthma Policy (Section 4.5.7.8 of the Department of Education and Early Childhood Development Victorian Government Schools' Reference Guide).

Managing Exercise Induced Asthma (EIA)

Students with asthma are encouraged to take part in school based exercise and physical activity to contribute to their cardiovascular fitness and general wellbeing. Most individuals with EIA can exercise to their full potential if the following steps are taken:

1. Students should take their blue reliever medication 5-10 minutes before warm up, then warm up appropriately.
2. If the student presents with asthma during the activity the student should stop the activity, take their blue reliever medication and wait 4 minutes. If the symptoms improve, they may resume activity. If their symptoms reoccur, recommence treatment. **THE STUDENT SHOULD NOT RETURN TO THE ACTIVITY UNDER ANY CIRCUMSTANCES** and the parent/carer should be informed of any incident.
3. Cool down at the end of activity and be alert for asthma symptoms after exercise.

STEM in the Outdoors

On Monday 29th May, Kim Hynes and Jess Szalek attended the STEM in the Outdoors Primary Conference at the Melbourne Museum in the city. STEM is an exciting initiative covering Science, Technology, Engineering and Maths and how to implement these innovative programs for students across the curriculum. Ms Hynes and Ms Szalek learnt about using inquiry learning to explore the local community, promoting physical activity in your primary school and geocaching in the maths classroom.

Interschool Sports

On Friday 26th May, St Catherines visited Hillsmeade as part of our Interschool sports series, playing soccer, netball, AFL, newcombe and T-ball. This is a great experience building relationships with other schools, below is a photo taken of St Catherines students joining in with our 5/6 dancing before the competition began.

THE VICTORIAN STATE SCHOOLS

SPECTACULAR

On Tuesday 23rd May, students taking part in the Victorian State Schools Spectacular travelled to Officer Secondary College to attend a regional dance rehearsal. Hillsmeade PS joined 7 other schools to practise a number of dance routines to music by artists, including, Pharrell Williams, Justin Timberlake and Rihanna. The rehearsal was led by a professional choreographer, Deon Kuku. All of the students were exhausted by the end of the day but had a fun and inspiring time.

Lisa Scott

Last Friday the Running Club held our very first event – Crazy Sock Day.

We had 106 students participating by walking and running laps around our oval.

It was great to see such a wonderful turn out of students and teachers as we promoted “A Healthy Mind, A Healthy Body”, the Education Week focus for 2017.

We will announcing the year level with the highest lap top total at this week’s assembly.

We are looking forward to holding more special events throughout the year and seeing more students, parents and teachers on the track.

TIP OF THE WEEK

Q. How do I use the calendar display when placing food orders?

A. For ease of use, you are presented with a two week calendar view when placing food orders. The calendar makes it easy for you to place orders for a particular child on a particular day.

To place a food order:

1. Open Qkr! and tap on your canteen menu.
2. On the calendar view tap the date next to your child for which you want to place the order. If you have registered more than one child, the calendar view enables you to place individual orders for each child for different dates. If a date is greyed out you cannot place orders for that date, either because the canteen is not open, or because it is past the cut-off time for that day's orders. Check with your school to confirm the cut-off time.
3. Browse the menu, select items, and add them to your cart.
4. If you are ordering for more than one child you can switch between children by tapping your child's name at the top of the screen.
5. When you are ready to pay, tap 'Checkout' at the bottom of the screen and complete the payment steps.

TIP OF THE WEEK

Q. How can I remove unwanted items from my shopping cart?

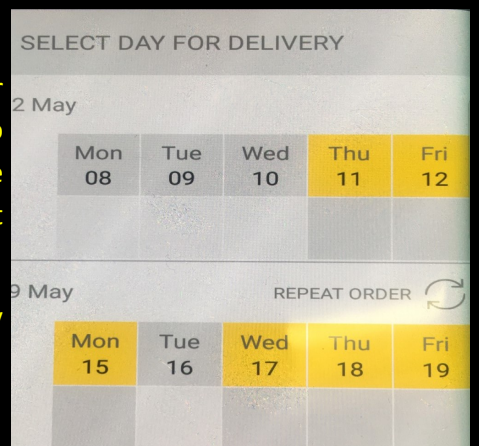

A. It is easy to remove or amend items in your shopping cart prior to paying for them.

1. Open Qkr! and tap 'Activity'.
2. Under 'Active Carts' tap on your school.
3. Tap on the order or item you want to remove or update.
4. Tap the garbage bin icon to remove the item from your cart; or Tap the pencil icon to update or amend the item in your cart.

Important Information about Qkr!

- When making multiple payments for camps/excursion/lunch orders you need to change to the correct students' profile before you add items to the cart, then once added to the cart go back and change the student profile to the next one.
- It is essential when ordering lunch orders you select the correct day for delivery to ensure your child gets lunch on the correct day.

NARRE WARREN SOUTH P-12 COLLEGE

STEM is everywhere. Our health, safety, relationships with family and friends and even our jobs are shaped by the innovation in technology that we discover in science. Economies are built around new technologies that help to find new and better ways of doing things. STEM skills are becoming increasingly important in the workforce as employers are aiming to recruit technicians and trade workers with STEM skills.

The success of VCE maths and science subjects such as Physics, Chemistry, Maths Methods and Specialist maths are often developed from an earlier age. The STEM programs aims to provide students with the knowledge and understanding of these 4 disciplines. Knowledge that can turn into innovation, innovation that becomes influence. We at Narre Warren South P-12 College are providing the opportunity to students that have a keen interest in the maths and science subjects to expand their horizon. To not only learn the skills that come from the understanding of STEM subjects but to think and relate those skills to society.

The STEM program will start from Year 7 where students will be work on developing skills in problem solving, analysis and interpretation of data, as well as enhancing their own skills to help them in their future careers. Each term there will be up to two major projects that will be undertaken. These projects will encourage the students to solve authentic problems and work together in teams or even as a class to build real solutions.

How to apply for year 7 STEM program.

Applications are currently open and the form can be downloaded through the school website or by completing the application form below.
