FROM THE PRINCIPAL

Hillsmeade Happenings

Hillsmeade Happenings is back in 2020. This is a weekly episode that is shown in all classes at Hillsmeade. This is produced with support of staff and student leaders and is an exciting, innovative way to support our school connectedness. Adjacent are some screen shots of this week's episode. If you are interested in seeing Hillsmeade Happenings please speak to your child's teacher. This is a wonderful part of our school and we are very excited to share it with the parent community.

Hillsmeade Electives Semester 1, 2020

Quick facts –

30 Electives are being offered school wide

70 % of senior students were given their first preference

80 % of junior students were given their first preference

All junior and senior students were given one of their top three preferences

Isaac 2C – *“Electives is really fun because I got to make a paper corner bookmark. My elective is 3D paper craft. It is really, really awesome.”*

Mia A 3B – *“I did netball for my electives and I thought it was very, very fun because we played our first ever game. Last year I did electives with Miss Page and now she's my teacher, that's cool!”*

Aaron H 6D – *“Electives were good. I got into Hoop Time. It was my first preference and I loved it. I liked when we did dribbling as a team and having to work as a team was fun.”*

Last Friday afternoon, all students from Year 1 to Year 6 went to their first elective. Students were excited to find out which of their preferences they had been allocated, which friends they were with and met new friends across the school. There were many happy smiling students and teachers.

FROM MR CARDAMONE

Dear Hillsmeade Community,

I hope the week has been a positive one so far.

Hillsmeade is very excited to announce our next parent workshop this term.

We are very lucky to have back Beth Johnson presenting What is Autism Spectrum Disorder (ASD) and Attention Deficit Hyperactivity Disorder (ADHD)?

Beth Johnson presented last year and it was such an amazing presentation and turn out, Beth is very excited about the opportunity and to partner with our community. The parent workshop will be the 19th of March (Thursday) 6:30pm-7:30pm in the staffroom. There is no cost to attend.

There will be discussion time, opportunities to share successful strategies you use at home and share questions or challenges you may be experiencing.

This was a full house last year!!! **Please register for the seminar** with your name (and anyone else you are coming with) on Compass or at the front office by March 16th **9704 6313** or hillsmeade.ps@edumail.vic.gov.au.

Please see the brochure in this weeks link—one will go home with each family.

Below is an article from the BeYou website, we know the start of the school year can be an anxious time for both parents and children. This article explains some strategies on how you can support your children through this transition. If you would like to know more information please visit their website. <https://beyou.edu.au/resources/news/how-to-support-an-anxious-child>
"How to support an anxious child"

A particularly stressful situation is when children start kinder or young people begin primary school. Separation anxiety refers to the fear children and young people have when being separated from their parents or caregivers. It's very common in early years. The Australian Parenting Website has some great tips for helping a child deal with starting childcare, kinder or school that can be equally useful for educators.

- *Help your child adapt to a new setting by spending time at the new place with them before the separation. If you're there when your child is introduced to their teacher or caretaker, they're more likely to develop trust quickly.*
- *If your child is feeling very upset and showing signs of separation anxiety before you arrive, have a chat to the childcare centre or the school so they're aware of the situation.*

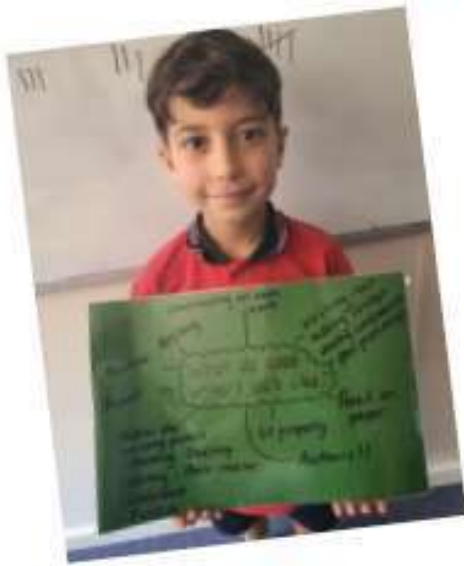

- *Tell your child when you're leaving and when you'll be back. Sneaking out can make matters worse. At the same time, don't drag out your goodbye.*
- *Keep a calm and cheerful manner when leaving. If you look stressed, your child will likely pick up on this and get upset.*
- *Don't use negative phrases like, "stop being such a baby". Instead, reinforce positive behaviour by complimenting them when they are behaving well. At home, parents can work together with children to develop coping strategies for their anxiety. Here are six tips:*
- **Slow down.** *This is always the best place to start. Take some slow, deep breaths together. Breathe in for three seconds, hold for three, then out for three. Once they're feeling a bit calmer, you can talk through what's worrying them.*
- **Think positive.** *Remind them of times they've dealt with similar issues. "Remember the time your friend Andy didn't play with you at lunch, you played tiggy with Keely and Matt and had a great time."*
- **Help them to challenge the scary thought with facts.** *"Sharks can't live in a swimming pool." "Every time Mum goes out for dinner, she comes back.: Make a plan together for what to do if things don't go as they'd like. "If you forget your workbook, it's okay, just borrow a piece of paper to write things down and we can glue it in later when we're home.*
- **Have a go.** *Children often worry about making mistakes. This can lead to them avoiding situations or activities. Encourage your kid to give new things a try and let them know that it's about fun, not being perfect.*
- **Check yourself.** *Try taking a step back and wait before you jump in to help your child. Figuring things out for themselves, learning to problem-solve, is an important step and will help them to be a resilient adult. Over-protective family members can reinforce a child's fears that the world is a dangerous place and that they can't handle it.*
- **Be the example.** *Be a model for your child. Kids pick up signals from adults, so by showing calmness in dealing with stressful situations, you are showing them the way."* If you have any questions, please let me know. Thank you.

Leading Teacher in Social and Emotional Learning

Social and emotional learning... It's

Learning in Action

Last week, the

Learning Specialists visited classrooms. We were excited to see great teaching and wonderful student engagement. Have a look at the fabulous activities students have been doing as part of the

Positive Start and Electives Programs. What an enthusiastic start to 2020!

Writing at Hillsmeade

Hello Everyone,

Welcome back to Hillsmeade for another wonderful year of learning and growing together. My name is Nicole Page and I am thrilled to be working in the role of writing learning

I love writing because:

- I can be creative. Writing frees me from distractions and gives me time to think and choose my thoughts and words carefully.
- I can share my ideas with everyone. When I was a child I was very shy (and still am!) Writing is a way of speaking to others and expressing our feelings without being embarrassed. I still write little notes for my family so they know I love them!
- I can read through the eyes of an author. Good writers can be amazing readers. When I read, I look for the words, phrases and messages good authors use to create great stories.

Writing at Hillsmeade is important because:

- Our students are curious about their world. They ask questions and write about what is important to them.
- Our students use writing to share their experiences, feelings and thoughts with their teacher and classmates.
- Our students make strong connections between reading and writing. They engage in quality mentor texts to see how authors craft their writing.
- Our students develop writing strategies to persuade others, giving them the confidence to share their opinions.

This year I am excited for:

- Writer's Workshop. Everyday we get to practise our writing with our class and explore interesting writing seeds.
- Scribe Tribe. Students from Grades 3 to 6 can come and share their writing with their peers at our new lunchtime writing club.
- Authors Chair. We want to place a spotlight on great writing at Hillsmeade. Each week we'll celebrate two student authors through Hillsmeade Happenings and the Link.

I look forward to supporting our students in becoming enthusiastic and successful authors in 2020!

Nicole Page Writing Learning Specialist and Grade 3B Classroom Teacher

FROM THE COMMUNITY

Dear Hillsmeade Community,

Science is both a body of knowledge and a process. It is exciting, useful, ongoing and a global human endeavour. As a STEAM Learning Specialist, I will continue to inspire creativity and innovation to develop passionate lifelong learners who are ready to tackle the world. I look forward to another year of curiosity and wondering at Hillsmeade. Below is the End of Year (2019) Science Reflection from our students.

What adjectives would you use to describe your science class?

What are the three important things you learned in class?

What advice would you give to your peers for their 2020 science lessons?

“Listen carefully and think beyond the believable” - Olivia 6/A

“Mistakes help you learn” - Subeg 2/F

“Be ready for anything because anything can happen in science” - Gurshan 5/B

“Mistakes are proof that you are trying” - Lilly 5/D

“Ask a question if needed and never give up.”
- William 6/B

“Take the time and think” - Ruby 5/C

“Science is fun” - Tiger Lilly 5/D

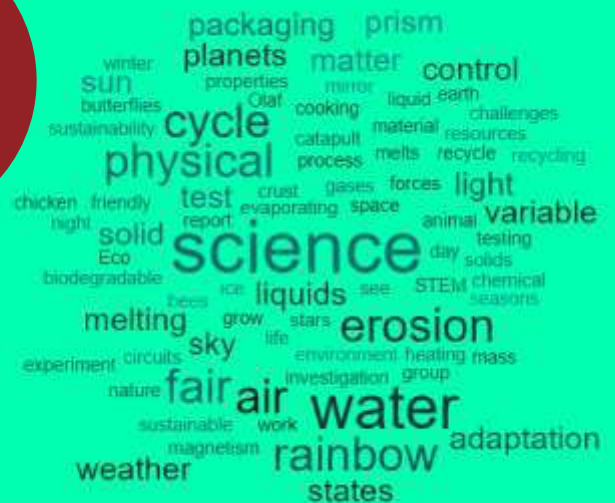

“It might not always be easy but the journey is exciting as you will find the answer eventually.”
- Alexandria 6/C

“Have fun and don't doubt yourself.” - Nelofar 6/D

“If you have to succeed you have to learn how to proceed.” - Ahmad 6/B

“Think like a scientist, outside the box as always.”
Pavaneer 6/D

“Don't give up science is so much fun” - Hayden 6/B

• Growing and Learning Together •

Reading In Action!

Last week we had our first snapshot professional development session on Reading. At Hillsmeade our staff are passionate about learning and improving their classroom practises. Snapshots are run before school and are optional for staff to attend to learn more about specific areas of the curriculum. We had a fantastic turnout and it is exciting to see the enthusiasm and energy from teachers as they set up their reading workshops. This year we have brand new book boxes which the students and teachers are loving. Students have been busy choosing books for their book boxes and decorating their own bookmarks. I am looking forward to visiting classrooms and hearing about the fantastic stories our students are engaging in. - Miss Carter.

2020 MALE KICKSTART PROGRAM

EXPRESSIONS OF INTEREST

PROGRAM CRITERIA:
Aboriginal or Torres Strait Islander Male born between 2005 - 2008

Experimenting

STEM GEMS

Inviting Expression of Interest

Empowering girls in science, technology, engineering, art and mathematics.

We are inviting Expression of Interest (Grade 4 girls) for STEM GEMS. This will require participating in activities every Wednesday lunch. Should we receive a large number of Expression of Interests, we will go through the selection process.

For The Student: Name:..... Class:.....

What do you enjoy most about Science, Technology and Maths?

.....
.....
.....
.....

Why would you like to join STEM GEMS?

.....
.....
.....
.....

For The Parent: I give permission to my daughter to participate in STEM GEMS.

EOI are due by Friday, 14th February. If you would like any further information regarding STEM GEMS, please contact Mrs Dimple Bhardwaj.

Parent Signature:

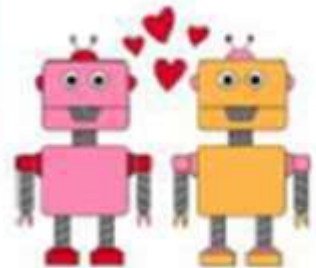

STEAM Agency

STEAM education is the learning of **science, technology, engineering, art and mathematics** in an interdisciplinary or integrated approach.

I can:

- Research
- Plan
- Design
- Create
- Reflect
- Collaborate
- Think creatively
- Team work
- Observe
- Wonder
- Ask questions
- Problem solve
- Improve
- Discover
- Challenge myself
- Persevere

STEAM Agency

Inviting Expression of Interest

We are inviting Expression of Interest (Grade 4 boys and Grade 5/6 students) for STEAM Agency. This will require participating in activities every Monday lunch. Should we receive a large number of Expression of Interests, we will go through the selection process.

For The Student: Name:..... Class:.....

What do you enjoy most about Science, Technology and Maths?
.....
.....
.....
.....

Why would you like to join the STEAM AGENCY?
.....
.....
.....

For The Parent: I give permission to my daughter/son to participate in STEAM Agency.

Parent Signature:

EOI are due by Friday, 14th February. If you would like any further information regarding the STEAM Agency, please contact Mrs Bhardwaj.

READING IN ACTION

What a wonderful start to the year our grade 5 Excellence in Reading students have had.

Together, we have taken on challenges allowing us to practise skills of perseverance, resilience, critical and creative thinking as well as growth mindset.

I have enjoyed getting to know the students in my groups as learners and as readers. This week we shared our favourite books and made recommendations for other amazing books our peers could read.

We explored '6 Word Stories' – made famous by Ernest Hemingway. We combined our collective prior knowledge with clues from the text to infer what Hemingway meant by 'For sale: Baby shoes. Never worn.' The conversation, analysis and debate around this story was both thoughtful and meaningful. We then created our very own 6 Word Stories which students based upon a summary of their favourite book.

I'm looking forward to going on many more exciting reading adventures with this incredible group of kids as the year progresses.

- Meg Yates

BYOD PROGRAM

Thank you to all of the families who attended our BYOD information session at the end of 2019. We will be holding another information night later this term. In the meantime, if you have already purchased a device, we ask that you please keep them at home. As discussed at the information evening, term 1 is a time for setting up our systems, building staff knowledge of the device management software and ensuring everything is in place to ensure a successful BYOD program. We will notify the community, via the LINK and COMPASS posts, when we are ready for the students to bring in their own devices to be set up with the management system. Thank you for your patience and support as we roll out the BYOD program.

PROJECT MAGNET

PARENT WORKSHOP

‘What is Autism and ADHD?’

Hillsmeade Primary School is excited to announce our next parent workshop, What is Autism Spectrum Disorder (ASD) and Attention Deficit Hyperactivity Disorder (ADHD)? presented by Dr. Beth Johnson and Ms. Rachael Knott

What: This workshop will explore what Autism and ADHD are, how they are diagnosed, support and treatments available, and current research.

When: 19th of March 6:30pm – 7:30pm (seated by 6:20pm)

Where: Hillsmeade Primary School staffroom

About the MAGNET Project: The MAGNET Project is a federally funded research program aiming to reduce time to diagnosis for autism and ADHD. They need 1000 families from across Victoria who have a typically developing child, or a child with ASD and/or ADHD to take part in this important research. The MAGNET project team will be working with Hillsmeade Primary School throughout 2020. All families will receive a clinical report once they have participated.

You can find out more about the MAGNET Project at <https://www.monash.edu/turner-institute/research/project-magnet> for more information or register at <https://tinyurl.com/monashmagnet/>

Why: Hillsmeade Primary School is partnering with the Turner Institute of Brain and Mental Health, Monash University and Monash Children’s Hospital to support the Monash Autism/ADHD Genetics and Neurodevelopment (MAGNET) Project. In exchange, the MAGNET team are giving back to Hillsmeade and the City of Casey community through workshops for families with information about the latest scientific research.

Through these workshops, we hope to not only strengthen our partnership with families but also the connections between the families and Hillsmeade. There will be discussion time, opportunities to share successful strategies you use at home and share questions or challenges you may be experiencing.

Please register for the seminar with your name (and anyone else you are coming with) on Compass or at the front office by March 16th 9704 6313 or hillsmeade.ps@edumail.vic.gov.au.

School Banking newsletter.

Term 1 update.

CommBank Bushfire Support

In light of the recent devastating bushfires, we want to share how we can help. Applications are now open for Bushfire Recovery Grants to help rebuild community facilities, schools, fire brigades and replace lost or damaged equipment. Please encourage your local community groups to apply by 31 March 2020, for grants of up to \$50,000. If you're a CommBank customer and you've been affected, we can also give you a hand with your finances. commbank.com.au/bushfirerecovery

2020 Treetop Savers Adventure.

This year, the Dollars (Pat, Addy, Spen, Lucas and Peg) are ready to take children on a Treetop Savers adventure to the enchanted Treehouse of Savings. Here they'll discover lots of fun financial activities and rewards for saving.

Many surveyed parents think it's important to make learning about money engaging and to reward good saving behaviour. And this year, we're changing our School Banking rewards for the better. We're introducing new eco-friendly and reusable rewards, alongside other rewards that encourage creativity, as well as indoor and outdoor play.

Activity 1: Add up Addy's pocket money

Addy gets \$2 pocket money every time she does a job in the Treehouse of Savings. If she does 9 jobs, how much will she have earned?

A: \$ _____

Activity 2: Find and count how many frogs and butterflies you can see

A: _____ Frogs and _____ Butterflies.

Term 1 Treetop Savers rewards

When your child makes 10 deposits with School Banking, they can redeem one of our Treetop Savers rewards. Term 1 rewards are available now, while stocks last.
