

WEEK 5

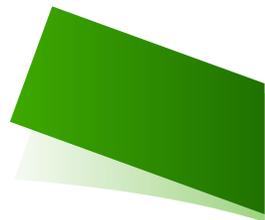

# Black Level Reading Support

LEARNING FROM HOME

# What do good readers do?

<p>USE BACKGROUND KNOWLEDGE</p> 	<p>Think: What do I already know about this topic? Good readers use what they already know and their experiences to help them make sense of the text.</p>	<p>VISUALIZE</p> 	<p>Create mental images of the characters, settings and events in the text. Think: What picture am I seeing in my head while reading.</p>	<p>MAKE INFERENCES</p> 	<p>Use clues in the text and from your own knowledge to fill in the gaps to help you draw conclusions about the story or text.</p>
<p>ASK QUESTIONS</p> 	<p>Stop and ask yourself questions to see if the text makes sense. Re-read the text if you need more information to support your understanding.</p>	<p>MAKE CONNECTIONS</p> 	<p>Think about what you already know about the text. Find ways to connect the text to yourself, other texts/movies or the world around you.</p>	<p>MAKE PREDICTIONS</p> 	<p>Determine what you think will happen in the text. Use the title, text and illustrations to help you.</p>
<p>IDENTIFY THE MAIN IDEA</p> 	<p>What is the text mostly about? Think: What does the author want me to understand?</p>	<p>RECOGNIZE COMPARE AND CONTRAST</p> 	<p>In your reading compare how two things are alike. To contrast compare how the two things are different. Also think about how the two things are the same.</p>	<p>SUMMARIZE</p> 	<p>Our brain can sum up what's happened in the story or what information is in the text. Use your own words to describe what you have read.</p>
<p>RECOGNIZE SEQUENCE</p> 	<p>This is the order in which events occur in the text. Think: What happened first, second then last.</p>	<p>FIND FACTS AND DETAILS</p> 	<p>Separating important details from interesting details. Think: What details support the main idea.</p>	<p>REREAD FOR CLARITY</p> 	<p>You may need to re-read the text to help you understand fully what the text is about. Think: What is the author saying? Am I understanding what I am reading?</p>
<p>RECOGNIZE CAUSE AND EFFECT</p> 	<p>Think: What happened? Why did it happen? Cause is the reason why something happens. Effect is what happened.</p>	<p>DISTINGUISH BETWEEN FACT AND OPINION</p> 	<p>Remember that a <b>FACT</b> can be proven. An <b>OPINION</b> is something that someone thinks or feels but can't be proven.</p>	<p>ADJUST YOUR PACING</p> 	<p>Think: Am I reading at the right pace to help my understanding of the text? Think about your accuracy, expression, notice punctuation and the pace of your reading.</p>
