

# HILLSMEADE *Is Turning 20*

## COMMEMORATE WITH US

### *Our Story*

In 2023, Hillsmeade celebrates twenty years of education, while the Early Learning Centre (ELC) marks its first decade. To honour this milestone, we intend to establish a new commemorative paved space at the school's entrance.

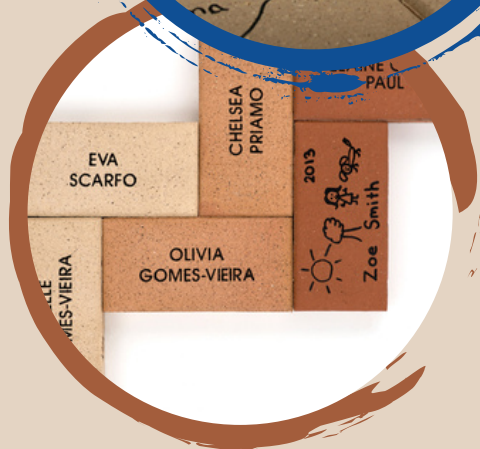

### *Commemorative Space*

The pavers that were originally installed in front of the gym when the school opened in 2003 will be moved to a newly designated area beneath the flagpoles outside the main office.

### *Get Involved*

We would like to offer families and staff the opportunity to leave a lasting mark on the school by being able to purchase a custom paver to be placed in this new area.
